ADMINISTRATIVE AGENCY
FOR THE
BRADFORD COUNTY PLANNING COMMISSION

DEPARTMENT OF COMMUNITY PLANNING AND MAPPING SERVICES

North Towanda Annex No. 1
29 VanKuren Dr., Suite 1
Towanda, PA 18848

AGENDA

BRADFORD COUNTY PLANNING COMMISSION

Bradford County Progress Building – 1 Elizabeth Street, Towanda, PA 18848

** Dinner will be at 5:00 P.M. at the Progress Authority Building**

January 21, 2020

6:00 P.M.

- 1) **Roll Call:**
- 2) **Minutes: December 17, 2019**
- 3) **Subdivision/Land Development Administration**

A.) Monthly Report:

B.) New Application Acceptance (*Indicates Modification Request)

2020-001	Wallace E. & Jean L. Nichols	Smithfield Township
2020-002	H. Sherman & S. Ann Barnes	Wysox Township*
2020-003	Martin & Connie West	Granville Township
2020-004	Gary Kingsbauer	West Burlington Township
2020-005	Richard & Brenda Saxe & Meghan Brewer	Albany Township*
2020-006	Keith Kinsman	N. Towanda Township

C.) Visitors to be Heard:

D.) Subdivision Plan Review:

PLANNING COMMISSION MEMBERS

-2020-002 H. Sherman & S. Ann Barnes / Wysox Township- The project proposes to subdivide the existing tax parcel, now owned by H. Sherman Barnes and S. Ann Barnes, into 2 separate lots (Lot 1 and Lot 2). Lot #1 (59.735 acres) has an existing on-lot septic, dwelling and private water source. Lot #2 (66.161 acres) has no improvements proposed and is considered to be a land transfer only.

Action Needed: Modification Request from Section 504.2 “On-Lot Septic” for lot #2.

Justification: Lot #2 is to be transferred to H. Sherman and S. Ann Barnes’s daughter for agricultural purposes. No improvements are proposed for lot #2.

-2020-005 Richard L. & Brenda K. Saxe & Meghan C. Brewer / Albany Township- This project proposes to subdivide a 16.79 acre parcel, (#02-135.00-0059-002) into two lots. Lot 4, 15.12 acres, the residual land, are currently being actively farmed and will continue in agricultural use. Lot 5, 1.67 acres, is proposed as a new residential use lot with a proposed single-family residence with on-lot well and septic. Lot 5 has a previously approved soil and perc test site. Lot 5 will access Murphy Road by means of a private 50’ wide right-of-way. A new Township Driveway permit has been obtained for this driveway. The residual lands of Lot 4 have frontage on Murphy Road. Adjoining parcels are agricultural and residential.

Action Needed: Modification Request from Section 404.01 “Every lot shall abut a street” for lot #5.

Justification: The acreage of lot #5 is limited by the requirements of the Clean and Green preferential tax assessment; the approved perc size is located at the most remote part of the parent parcel from the public road and will be served by a 50’ ROW.

E.) Land Development Reviews

-2019-097 Bristol Excavating, Inc. / Canton Township- The project is proposing the construction of a contractor storage yard. The project will develop the 15.687 acre parcel for an equipment and material storage area with a stormwater management facility. No buildings are proposed; the existing barn will continue to be used for storage. Clean fill will be placed at the site to create a storage area. Once complete, there will be a 3.8 acre storage area with a stabilized surface. Erosion and Sediment controls will be installed and maintained during construction. A stormwater management system will control post construction runoff. Erosion and Sediment plan and Post-Construction Stormwater plan is pending approval from Bradford County Conservation District. Water service shall be provided by an existing water well, and sewer service may be provided by a proposed on-lot system. The existing driveways to Newell Road will be utilized. The project proposes only 2 parking spaces, no ADA parking spaces.

Action Needed: Applicant is seeking **Conditional/ Preliminary Approval** contingent upon approval from Bradford County Conservation District, Satisfaction of Engineer Review Comment and Fees.

-2019-099 The Guthrie Clinic (LD) / Sayre Borough- The project is proposing the construction of a 15,261 SF building for a Daycare Facility located at the intersection of Bradford, N. Elmer, and N. Lehigh Streets, residing within the Medical Campus and Light Commercial zoning districts. The project proposes a playground area with a wood and mulch surface, as well as an asphalt play area. A total of 69 off street parking spaces are proposed, as well as 3 ADA parking spaces. The building is

proposing to be served by municipal sewer and water. The Post-Construction Stormwater plan is pending approval from Bradford County Conservation District.

Action Needed: Applicant is seeking **Conditional/ Preliminary Approval** contingent upon approval from Bradford County Conservation District, driveway permit, zoning compliance letter, Satisfaction of Engineer Review comments and fees.

F.) **Municipal Planning Commission Review:**

- 2020-001-Larry D. & Jeanne T. Grace / Troy Township
- 2020-002 Gerald B. & Sandra J. Manchester / Asylum Township

G.) **Possible Violations**

H.) **Violations**

I.) **Sketch Plan Review:**

J.) **DEP Permit Review:**

K.) **Items Reviewed With Solicitor**

L.) **Other: For Informational Purposes**

5.) **Communications** (*See below*)

6.) **Reports**

7.) **Old Business** (*See summary*)

8.) **New Business** (*See summary*)

9.) **Adjournment**

(Communications Summary):

B. **Outgoing:**

Old Business Summary

2004 SALDO Amendments: The Community Planning and Mapping Staff is currently in process of performing an update to the Bradford County SALDO in coordination with the County Planning Commission. A draft document was provided to the Planning Commission for comment on August 20, 2019 which contained the first two sections of the SALDO with new definitions for review. Updates will be provided periodically to the BCPC and public as the process is completed.

NBIS Local Bridge Inspection Program: The 2017-2021 NBIS Umbrella Agreement has been fully executed and will go into effect on January 1, 2017. This Program will ensure that all locally owned bridges are inspected at their needed interval for the next 5 year cycle. Inspections for the 2017 season have recently been completed and the final inspection reports are being reviewed by PennDOT for approval. The County currently has 22 bridges that are classified as structurally deficient. We are currently in the process of working with our engineers to weigh the options for reducing this number through a bridge bundling process.

County Act 13 Bridge Group Project: The County is currently undertaking an 8 Bridge Group Project wholly funded by the County's Act 13 Allocation. This project will replace 8 County Bridges simultaneously and will result in a 35% reduction in Structurally Deficient Bridges on the County roster, while also providing a significant cost savings. The project timeline is for Design to occur throughout 2018-2019 and Construction to follow in 2019-2020 when all the bridges will be fully completed.

Phase 1 Construction has started on the first 5 Bridges. The current status of the projects is as follows:

Bridge 11: 100% Completed and Opened on 10-29-19.

Bridge 31: Bridge #31 is open to traffic. The only remaining work is the roadway approach paving which will occur in concert with Bridge #39 once it has been completed.

Bridge 18: Bridge deck was poured on January 10th. The parapets will be poured when weather allows in the next few weeks. Once completed the bridge will be open for traffic with approach roadway paving to occur in later in 2020.

Bridge 39: Pre-construction meeting was held with the Pennsylvania Game Commission on January 14th to clarify tree removal and grubbing of the site. Bridge demolition is expected to begin in the next few weeks.

Bridge 14: This is a prefabricated steel structure which will be delivered to the site and installed once the existing abutments have been rehabilitated. Demolition of the existing structure is expected to begin in the next few weeks.

County Bridge # 38 / Wells Twp.: This Structure is currently included on the adopted 2017-2020 Northern Tier RPO – TIP. It is slated to be replaced in 2020. This is a historic Structure which may cause some delays in the replacement process. Preliminary Engineering has completed the in-depth inspection of the structure and is now in a holding pattern waiting for approval to move forward as this bridge is attached to the Historic Metal Truss Bridge Management Plan. FHWA has reviewed the draft needs assessment and agrees the current structure does not currently meet the public need in the area. A re-scoping field view of the project is being held on November 18, 2019 to reclassify the project from rehabilitation to a replacement.

Bradford County Historic Metal Truss Bridge Management Plan: The County is currently undertaking the a Historic Metal Truss Bridge Management Plan being funded through the Federal Highway Administration (FHWA) as part of a Letter of Agreement with the PennDOT, PHMC-SHPO and FHWA to establish a project need and method of progression to clear the remaining County Owned Truss Bridges as required by the National Historic Preservation Act. This study will begin the clearance process for the remaining 6 historically eligible bridges owned by the County and includes Bridges: #6 (Burlington Township), #8 (West Burlington

Township), #13 (Franklin Township), #27 (South Creek Township), #38 (Wells Township) and #41 (Wyalusing Township). The end result of this plan will be an in-depth needs assessment and long range management plan to address the issues associated with these structures. Public Outreach meetings have been held on the following Dates:

- Bridge #38 – Wells Twp. – 9/3/2018
- Bridge #27 – South Creek Twp – 9/5/2018
- Bridge #13 – Franklin Twp – 9/10/2018
- Bridge #41 – Wyalusing Twp – 10/2/2018
- Bridge #7 – West Burlington Twp – 10/8/2018
- Bridge #6 – Burlington Township – Public meeting was waived, Public Meeting held to Bridge Bundle was sufficient.

Currently a meeting been scheduled with the FHWA, SHPO and PennDOT to discuss the draft report and establish the guidelines for the final management plan. This meeting is slated to take place on January 24th 2020.

New Business Summary

County Parks Master Plan and County Parks Advisory Committee:

The next meeting will be held on February 5, 2020 at 3:00 p.m.

Previous Meeting was held on December 4, 2019.

Natural Gas Exploration Advisory Committee:

There will be no Natural Gas Meeting for the month of January. The next meeting date will be disbursed when the 2020 schedule is posted.

Natural gas production analysis and trends – Webinar

Matt Henderson of Henderson Consulting will provide insight on trends in natural gas production in the United States and in Appalachia and new emerging challenges.

APPLICATIONS ACCEPTED FOR REVIEW 2019

2019-001	Wilma L. Lindsey	Towanda Township
2019-002	Scott Wilcox Estate	Wilmot Township
