PLANNING COMMISSION MEMBERS

• Glenn Aikens • Raul Azpiazu • Andrew Bishop • Warren Knapp • Don Murray • Mary Neiley • Robert Storch • Scott Williams • Theodore Pinkard

C.) **Visitors to be Heard:** Coy Gobble (The Daily Review), Aristides Otero (Stackhouse Bensinger, Guthrie Daycare), Tim Gourley (Bristol Excavating Land Development)

D.) **Subdivision Plan Review:**

- **2019- 101 Billie Jo Gross / Springfield Township-** The purpose of the subdivision is a 2-lot subdivision of the residual (125.4 acre) parcel of land, now owned by Billie Jo Gross. Lots 1-3 were previously conveyed. Proposed lot #4 (39.999 acres) is to be subdivided off with no improvements and is considered to be a land transfer only. The remaining lands (85.4 acres) has an existing house, sewage system and water supply and is to be continued for residential use.

Action Taken: Scott Williams made the motion to grant a Modification Request from Section 504.2 "On-Lot Septic" for lot #4. Seconded by Don Murray. The motion carried unanimously.

E.) **Land Development Reviews**

-**2019-097 Bristol Excavating, Inc. / Canton Township-** The project is proposing the construction of a contractor storage yard. The project will develop the 15.687 acre parcel for an equipment and material storage area with a stormwater management facility. No buildings are proposed; the existing barn will continue to be used for storage. Clean fill will be placed at the site to create a storage area. Once complete, there will be a 3.8 acre storage area with a stabilized surface. Erosion and Sediment controls will be installed and maintained during construction. A stormwater management system will control post construction runoff. Erosion and Sediment plan and Post-Construction Stormwater plan is pending approval from Bradford County Conservation District. Water service shall be provided by an existing water well, and sewer service may be provided by a proposed on-lot system. The existing driveways to Newell Road will be utilized. The project proposes only 2 parking spaces, no ADA parking spaces.

Action Taken: Scott Williams moved to table this application until the next scheduled Planning Commission meeting, January 21, 2020 due to satisfaction of approval from Bradford County Conservation District, Municipal Comment, Satisfaction of Engineer Review Comment and Fees. Seconded by Mary Neiley. The motion carried unanimously.

-**2019-099 The Guthrie Clinic (LD) / Sayre Borough-** The project is proposing the construction of a 15,261 SF building for a Daycare Facility located at the intersection of Bradford, N. Elmer, and N. Lehigh Streets, residing within the Medical Campus and Light Commercial zoning districts. The project proposes a playground area with a wood and mulch surface, as well as an asphalt play area. A total of 69 off street parking spaces are proposed, as well as 3 ADA parking spaces. The building is proposing to be served by municipal sewer and water. The Post-Construction Stormwater plan is pending approval from Bradford County Conservation District.

Action Taken: Scott Williams made the motion to table this application until the next scheduled Planning Commission meeting, January 21, 2020 due to satisfaction of approval from Bradford County Conservation District, Will serve letters for sewer and water, driveway permit, zoning compliance letter, Satisfaction of Engineer Review comments and fees. Seconded by Mary Neiley. The motion carried unanimously.

Old Business Summary

2004 SALDO Amendments: The Community Planning and Mapping Staff is currently in process of performing an update to the Bradford County SALDO in coordination with the County Planning Commission. A draft document was provided to the Planning Commission for comment on August 20, 2019 which contained the first two sections of the SALDO with new definitions for review. Updates will be provided periodically to the BCPC and public as the process is completed.

NBIS Local Bridge Inspection Program: The 2017-2021 NBIS Umbrella Agreement has been fully executed and will go into effect on January 1, 2017. This Program will ensure that all locally owned bridges are inspected at their needed interval for the next 5 year cycle. Inspections for the 2017 season have recently been completed and the final inspections reports are being review by PennDOT for approval. The County currently has 22 bridges that are classified as structurally deficient. We are currently in the process of working with our engineers to weigh the options for reducing this number through a bridge bundling process.

County Act 13 Bridge Group Project: The County is currently undertaking an 8 Bridge Group Project wholly funded by the County's Act 13 Allocation. This project will replace 8 County Bridges simultaneously and will result in a 35% reduction in Structurally Deficient Bridges on the County roster, while also providing a significant cost savings. The project timeline is for Design to occur throughout 2018-2019 and Construction to follow in 2019-2020 when all the bridges will be fully completed.

Phase 1 Construction has started on the first 5 Bridges. The current status of the projects is as follows:

Bridge 11: 100% Completed and Opened on 10-29-19.

Bridge 31: Guiderail and Bridge opening anticipated on 12-16-19 as long as the roadway curve signage is installed. Unfinished items for the Spring of 2020 include subbase repairs, paving, deck sealing, fascia beam epoxy coating and E&S stabilization. It's our understanding that Terry Township doesn't salt Robinson Road but we need to confirm that's the case. I have a call into the Township on this topic.

Bridge 18: Bridge Beams were set on 12-9-19 and the deck pans will be on soon. It's unknown whether the deck will be poured this month and I'll follow up if that's the plan.

County Bridge # 16 / Leroy Twp: The contractor (Glen O. Hawbaker) has completed construction and the final inspection has been completed by the County Engineer (Larson Design Group). The last step will involve the transfer of a GP-11 as required by DEP from the County to the property owners for the abutments which were left in place to provide bank stabilization and enhanced flood protection. County gained resolution from DEP and the northern abutment was removed, the southern abutment was left in place. All work was completed in January 2019 and the project is awaiting closeout approval from FHWA.

County Bridge # 38 / Wells Twp.: This Structure is currently included on the adopted 2017-2020 Northern Tier RPO – TIP. It is slated to be replaced in 2020. This is a historic Structure which may cause some delays in the replacement process. Preliminary Engineering has completed the in-depth inspection of the structure and is now in a holding pattern waiting for approval to move forward as this bridge is attached to the Historic Metal Truss Bridge Management Plan. FHWA has reviewed the draft needs assessment and agrees the current structure does not currently meet the public need in the area. A re-scoping field view of the project is being held on November 18, 2019 to reclassify the project from a rehabilitation to a replacement.

Bradford County Historic Metal Truss Bridge Management Plan: The County is currently undertaking the a Historic Metal Truss Bridge Management Plan being funded through the Federal Highway Administration (FHWA) as part of a Letter of Agreement with the PennDOT, PHMC-SHPO and FHWA to establish a project need and method of progression to clear the remaining County Owned Truss Bridges as required by the National Historic Preservation Act. This study will begin the clearance process for the remaining 6 historically eligible bridges owned by the County and includes Bridges: #6 (Burlington Township), #8 (West Burlington Township), #13 (Franklin Township), #27 (South Creek Township), #38 (Wells Township) and #41 (Wyalusing Township). The end result of this plan will be an in-depth needs assessment and long range management plan to address the issues associated with these structures. Public Outreach meetings have been held on the following Dates:

Bridge #38 – Wells Twp. – 9/3/2018

Bridge #27 – South Creek Twp – 9/5/2018

Bridge #13 – Franklin Twp – 9/10/2018

Bridge #41 – Wyalusing Twp – 10/2/2018
 Bridge #7 – West Burlington Twp – 10/8/2018
 Bridge #6 – Burlington Township – Public meeting was waived, Public Meeting held to Bridge Bundle was sufficient.

Draft needs reports have been submitted to FHWA, PennDOT and SHPO for concurrence. A review period will follow to allow for public comments. Once this has been completed a management plan will be developed.
