Can I vote by mail?

Yes. Voters can apply for an absentee ballot or mail-in ballot for November 3. Voters who wish to vote by mail should apply as soon as possible; should [apply online](#) through PA Department of State instead of on a paper application; and should consider returning their voted ballots in person to Voter Services, if possible.

Can I cancel my permanent absentee status or permanent mail-in status?

Yes. The voter needs to complete a Request to Cancel Permanent Status form by contacting Voter Services to request it by mail.

When will I receive my absentee ballot or mail-in ballot?

Voters who wish to vote by absentee or mail-in ballot are encouraged to apply now, but should expect to wait until late September or early October to receive the ballot. Ballots cannot be mailed until after they are designed and tested, and after PA Department of State has certified the final content of the ballot to the counties.

I received something in the mail about voter registration or applying for an absentee or mail-in ballot. Did it come from Bradford County?

Voters need to carefully review election-related correspondence to determine if it came from the Bradford County Board of Elections and/or Office of Voter Services. In many cases, the mailings originate from political parties, candidates, or outside organizations and the information may be inaccurate or out-of-date. Voters can always contact Voter Services to obtain accurate, current information.

How do I confirm if I am still registered to vote?

You may contact Voter Services by calling 570-265-1717 and providing your name and date of birth to confirm your registration status. Voters may also confirm their registration [online](#).

Will Bradford County have dropboxes available for use this Election?

No. The only way to return your voted ballot would be either in person or via the postal service.
