PLANNING COMMISSION MEMBERS

• Glenn Aikens • Raul Azpiazu • Andrew Bishop • Warren Knapp • Don Murray • Mary Neiley • Robert Storch • Scott Williams • Jim Souto

-2021-018
-2021-019

Ron & Karen Burlingame Smithfield Township
Encounter Free Methodist Church Ulster Township

C.) Visitors to be Heard:

D.) Subdivision Plan Reviews:

- **2021-012 Justin & Alicia Clouse / Wilmot Township-** The subdivision of lands of Justin B. Clouse and Alicia P. Clouse is a one lot subdivision of a 30-acre parcel described in Bradford County Inst. 201306888. Lot numbering is based on a 1981 subdivision plan. Proposed lot 6 (1.99 acres) is occupied by a house with on-site septic and water supply systems. Lot 3 is the remaining land. It is vacant and is for agricultural use at this time. Lots 1, 2 & 5 were previously conveyed. The surrounding parcels in this area are generally used for agricultural and residential purposes. There is no sewage collection system in the vicinity of this subdivision.

Action Needed: Modification request from Section 504.2 "On-Lot Septic" for lot #3.

Justification: Lot #3 is to be for Silvicultural use at this time.

E.) Land Development Reviews

-2021-019 Encounter Free Methodist Church / Ulster Township – The Encounter Free Methodist Church proposes to expand its facility located at 85 Freedom Lane in Ulster Township. The Existing building is being renovated to be used by the Encounter Free Methodist Church. Site improvements will expand the parking lot, construct a low volume driveway to SR 220, and install storm water management facilities. The facility will be utilized by five (5) employees during typical work hours. Meetings and rehearsals will be held at the facility during the week in the evenings and church services on Sunday. Additional meetings and services may be added to address needs of the community. The project area is zoned Residential @ by Ulster Township. The former use of the parcel was a church and the proposed use of the parcel is a church. The proposed project improvements comply with the Bradford County Subdivision and Land Development Ordinance and the Ulster Township Zoning Ordinance. Erosion and sediment controls will be installed and maintained during construction. A narrative and plan for the E&S Plan and the Post-Construction Stormwater Management Plan is included with this submission. The project area soils are detailed in the attached E&S plan. Bradford County Conservation District approval is pending. A stormwater management system will control post construction site runoff. The existing entrances are from SR 220 and SR 4014 9Milan Road). The SR220 driveway will be improved to meet PENNDOT standards for a low volume driveway. Parking requirements for proposed land use are defined by Ulster Township Zoning. One (1) parking stall is required for every four (4) seats. The proposed building improvements will result in 300 seats. Therefore, the required number of parking stalls is 75. The proposed plan exceeds the required number of parking stalls. The proposed building utilities: water service is provided by an existing private well, sewer service is provided by an existing on-lot septic system, electric and communication services is provided from adjacent utility poles.

Action Needed: Applicant is seeking **Conditional / Preliminary Approval** contingent upon: Highway Occupancy Permit from PennDot, Sanitation Approval from Bradford County Sanitation Committee, Municipal Comment and Zoning Compliance, Satisfaction of Engineer Review Comment and Fees.

F.) **Municipal Planning Commission Review:**

-2021-002 Lawrence C. & Mary S. Parsons / Athens Township

-2021-003 Williams Subaru of Athens / Athens Township

G.) **Possible Violations**

H.) **Violations**

DC Rauscher – Ulster Township – Submission as has not yet been made. Staff is recommending additional correspondence from the BPCP Solicitor to submit the application.

Four Friends (Fulmer) – Wysox Township – Applicants Council has advised the BCPC Solicitor that a full submission for compliance will be made prior to the March Magisterial Hearing on the formal violation.

Ark of the Covenant Church – Monroe Township – Pending litigation from other aggrieved parties. BCPC Solicitor has advised to wait until these items are resolved as it is likely to remove the need to pursue a formal violation.

I.) **Sketch Plan Review:**

J.) **DEP Permit Review:**

B. **Outgoing:**

Old Business Summary

2004 SALDO Amendments: The Community Planning and Mapping Staff is currently in process of performing an update to the Bradford County SALDO in coordination with the County Planning Commission. A draft document was provided to the Planning Commission for comment on August 20, 2019 which contained the first two sections of the SALDO with new definitions for review. Updates will be provided periodically to the BCPC and public as the process is completed.

NBIS Local Bridge Inspection Program: The 2017-2021 NBIS Umbrella Agreement has been fully executed and will go into effect on January 1, 2017. This Program will ensure that all locally owned bridges are inspected at their needed interval for the next 5 year cycle. Inspections for the 2017 season have recently been completed and the final inspection reports are being reviewed by PennDOT for approval. The County currently has 22 bridges that are classified as structurally deficient. We are currently in the process of working with our engineers to weigh the options for reducing this number through a bridge bundling process.

County Act 13 Bridge Group Project: The County is currently undertaking an 8 Bridge Group Project wholly funded by the County's Act 13 Allocation. This project will replace 8 County Bridges simultaneously and will result in a 35% reduction in Structurally Deficient Bridges on the County roster, while also providing a significant cost savings. The project timeline is for Design to occur throughout 2018-2019 and Construction to follow in 2019-2020 when all the bridges will be fully completed.

Phase 1 Construction is complete as of June 5, 2020.

Phase 2 Construction is nearly complete. All bridges are open to Traffic and final paving and guiderail work will take place in the spring of 2021 to finalize the project.

County Bridge # 38 / Wells Twp.: This Structure is currently included on the adopted 2017-2020 Northern Tier RPO – TIP. It is slated to be replaced in 2020. This is a historic Structure which may cause some delays in the replacement process. Preliminary Engineering has completed the in-depth inspection of the structure and is now in a holding pattern waiting for approval to move forward as this bridge is attached to the Historic Metal Truss Bridge Management Plan. FHWA has reviewed the draft needs assessment and agrees the current structure does not currently meet the public need in the area. Project has been formally revised to a replacement project. An Adaptive Reuse Study is currently underway to determine a suitable home for the current bridge. The county engineer, Dawood, is working towards final design which we hope to complete in 2021.

Bradford County Bridge #21: This structure has been destroyed in the August 2018 Flood Event and has been approved for full replacement by FEMA. The County Engineer has completed design and the project is ready to be bid as soon as the final right-of-way has been acquired. Construction is expected in summer 2021.

New Business Summary

Chesapeake Bay Phase 3 Watershed Implementation Plan – Countywide Action Plan:

Bradford, Potter and Tioga Counties have formed a coalition to undertake a regional Countywide Action Plan in coordination with the County Conservation Districts and DEP Northcentral Region. The purpose of this endeavor will be to develop a Regional Action Plan with County component plans for each respective area with a goal of meeting the required load reductions for the Chesapeake Bay Program. The group has applied for and received a \$100,000 grant from DEP to facilitate this process. The group has recently retained Larson Design Group to serve as the CAP Coordinator for our group who will lead the plan development. There will be a kickoff meeting on February 11, 2021 for the administrative team members. Following the initial steps there will be key stakeholder meetings to identify local needs, goals and objectives. The Planning Commission will be included in that process. *See attachment for more information.*

County Parks Master Plan and County Parks Advisory Committee:

Meeting have been suspended until further notice due to the COVID-19 Pandemic

Natural Gas Exploration Advisory Committee:

Meeting have been suspended until further notice due to the COVID-19 Pandemic

The previous meeting was held February 27th, 2020.

Webinar from 1:00pm-2:00pm “Using Drones in the North Dakota Oil Fields”

APPLICATIONS ACCEPTED FOR REVIEW 2020

2020-001	Wallace E. and Jean L. Nichols	Smithfield Township
