DC Rauscher – Ulster Township – Application has been submitted and we expect this matter will be resolved shortly pending engineer review comments.

Four Friends (Fulmer) – Wysox Township – The hearings has been postponed under mutual agreement by the BCPC Staff and Developer. We have reviewed the outstanding items with the developer who will coordinate the changes as required for closeout of the pending Land Development File. We have not yet received a submittal for the project closeout.

Ark of the Covenant Church – Monroe Township – Pending litigation from other aggrieved parties. BCPC Solicitor has advised to wait until these items are resolved as it is likely to remove the need to pursue a formal violation.

Old Business Summary

2004 SALDO Amendments: The Community Planning and Mapping Staff is currently in process of performing an update to the Bradford County SALDO in coordination with the County Planning Commission. A draft document was provided to the Planning Commission for comment on August 20, 2019 which contained the first two section of the SALDO with new definitions for review. Updates will be provided periodically to the BCPC and public as the process in completed.

NBIS Local Bridge Inspection Program: The 2017-2021 NBIS Umbrella Agreement has been fully executed and will go into effect on January 1, 2017. This Program will ensure than all locally owned bridges are

inspected at their needed interval for the next 5 year cycle. Inspections for the 2017 season have recently been completed and the final inspections reports are being review by PennDOT for approval. The County currently has 22 bridges that are classified as structurally deficient. We are currently in the process of working with our engineers to weigh the options for reducing this number through a bridge bundling process.

County Bridge # 38 / Wells Twp.: TS&L Documents have been approved by PennDOT and project will enter Final Design shortly. We expect that this will be ready for construction in 2022. The old bridge #38 has been evaluated for adaptive re-use and it has been determined that it is not feasible to place at the proposed Route 6/14 intersection as a pedestrian crossing. We are working with FHWA and SHPO to determine the next steps in moving forward.
