Old Business Summary

2004 SALDO Amendments: The Community Planning and Mapping Staff is currently in process of performing an update to the Bradford County SALDO in coordination with the County Planning Commission. A draft document was provided to the Planning Commission for comment on August 20, 2019 which contained the first two sections of the SALDO with new definitions for review. Updates will be provided periodically to the BCPC and public as the process is completed.

NBIS Local Bridge Inspection Program: The 2022-2027 NBIS Umbrella Agreement is currently under review with PennDOT and will go into effect on shortly. This Program will ensure that all locally owned bridges are inspected at their needed interval for the next 5 year cycle. Inspections for the 2017 season have recently been completed and the final inspection reports are being reviewed by PennDOT for approval. The County currently has 22 bridges that are classified as structurally deficient. We are currently in the process of working with our engineers to weigh the options for reducing this number through a bridge bundling process.

County Bridge # 38 / Wells Twp.: TS&L Documents have been approved by PennDOT and project will enter Final Design shortly. We expect that this will be ready for construction in 2022. The old bridge #38 has been evaluated for adaptive re-use and it has been determined that it is not feasible to place at the proposed Route 6/14 intersection as a pedestrian crossing. We are working with FHWA and SHPO to determine the next steps in moving forward.

Bradford County Land Bank Feasibility Study: The County Commissioners in coordination with Towanda Borough and Progress Authority have retained Dawood Engineering to perform a Land Bank/Blight Mitigation study for Bradford County. The goal of this program is to address on-going blight issues that exist within the county by providing a mechanism to rehabilitate properties and get them back on the tax rolls. The kickoff meeting was held in October. There were project delays related to COVID and the holiday season. The Consultant will perform in person outreach in February 2022.
