### **Old Business Summary**

**2004 SALDO Amendments:** The Community Planning and Mapping Staff is currently in process of performing an update to the Bradford County SALDO in coordination with the County Planning Commission. A draft document was provided to the Planning Commission for comment on August 20, 2019 which contained the first two sections of the SALDO with new definitions for review. Updates will be provided periodically to the BCPC and public as the process is completed.

**NBIS Local Bridge Inspection Program:** The 2022-2027 NBIS Umbrella Agreement is currently under review with PennDOT and will go into effect on shortly. This Program will ensure that all locally owned bridges are

inspected at their needed interval for the next 5 year cycle. Inspections for the 2021 season have been completed and the final inspections reports are being review by PennDOT for approval. The County currently has 9 bridges that are classified as structurally deficient. We are currently in the process of working with our engineers to weigh the options for reducing this number through a bridge bundling process.

**County Bridge # 38 / Wells Twp.**: TS&L Documents have been approved by PennDOT and project will enter Final Design shortly. We expect that this will be ready for construction in 2022. The old bridge #38 has been evaluated for adaptive re-use and it has been determined that it is not feasible to place at the proposed Route 6/14 intersection as a pedestrian crossing.. FHWA and SHPO has approve the replacement/mitigation proposal. Project has entered final design with an anticipated LET date of winter 2023 for spring 2024 construction.

**Bradford County Land Bank Feasibility Study:** The County Commissioners in coordination with Towanda Borough and Progress Authority have retained Dawood Engineering to perform a Land Bank/Blight Mitigation study for Bradford County. The goal of this program is to address on-going blight issues that exist within the county by providing a mechanism to rehabilitate properties and get them back on the tax rolls. Phases 2 & 3 have been executed by the County Commissioners. Dawood recently met with the Commissioners, Planning Staff and the Progress Authority to discuss reorganization of the dormant Redevelopment Authority. The County is currently seeking letters of interest for individuals to board seats for the organization which is the next step towards repurposing the Redevelopment Authority into a Land Bank.

**Solar SALDO Ordinance Amendment:** The Bradford County Planning Commission is currently working with the County Planning Commission Solicitor to develop regulations specific to Utility Scale Solar Operations. Updates will be provided as necessary. A DRAFT ordinance was presented at the March meeting. Planning staff in coordination with the Solar Subcommittee has presented 3 revisions of the proposed ordinances based upon input received from the public at large, municipal representatives and the industry stakeholders. At the June Meeting there was general discussion related to the following items which the planning staff will provide updates: Disposal and Recycling Requirements, Inspection Authority, Ground Water Monitoring, Soil Classification Restrictions and reasonable Bond Update Requirements.
